

Welcome

On behalf of the Zammit Tabona family,
Head Chef Cliff Borg would like to welcome you to
ROSAMÍ Restaurant,
part of The Xara Collection.

Signature Cuisine at the Villa

ROSAMÍ is a produce-driven restaurant pushing the boundaries of fine-dining idealism. It is a space to discover exquisite flavors and experience food as art.

As a team of young passionate chefs led by Chef Cliff Borg, the menu prepared merges skill and technique with inspiration from their childhood memories, personal experiences, travel and their love of food.

The Xara Gardens

Through Xara Gardens, the owning family and management, with the guidance and expertise of young expert farmers and Sustainable Resource Innovator Michael Bourne, are actively and perceptibly looking for a more sustainable way of doing business. Working together with the chefs, our Xara Gardens team, establish which seasonal crops to grow that will ultimately find themselves on the menus of the various restaurants of The Xara Collection.

Choose your Menu

Our chefs have prepared 4 distinct menus for you to choose from. The Leaf menu is a vegetarian experience that can be adapted with all other 3 menus.
